

CHOBHAM GOLF CLUB

Sustainable golf

Chobham Golf Club joined Zellar in 2022 thanks to an England Golf-sponsored licence programme.

Since starting its sustainability journey Chobham Golf Club has switched to green energy and completed energy checks making substantial savings in its energy bills and CO₂ emissions.

27%

ENERGY REDUCTION

Through implementing behavioural changes in Zellar

£22,253

COSTS SAVED

Lower bills as a result of reducing energy consumption

27%

ANNUAL CO₂ SAVINGS

Taking demonstrable leaps towards net zero

CHOBHAM GOLF CLUB

TESTIMONIAL

"Zellar helped us right away, and we are now clearer about the impact of every action. Whether it's calculating our emissions or understanding the impact of our solar panels on the roof, Zellar provides us with the guidance and knowledge we need."
