

HAILEYBURY

# Sustainable schools

Haileybury joined Zellar in 2023. Since starting its sustainability journey, Haileybury has installed green technology and completed energy checks making substantial savings in its energy usage, bills and CO<sub>2</sub> emissions.

**7%**

**ENERGY REDUCTION**

Through implementing behavioural changes, recommended by Zellar

**£76,426**

**ESTIMATED SAVINGS**

Lower bills as a result of implementing energy-efficient green technology

**7%**

**ANNUAL CO<sub>2</sub> SAVINGS**

Taking demonstrable leaps towards net zero

HAILEYBURY

## TESTIMONIAL

*"Zellar has helped us to be able to compare ourselves to other forward-thinking sustainably-minded organisations, and has provided us with further ideas and solutions for how we can continue to make progress towards our net zero strategy."*

SIMON HEARD  
DEPUTY MASTER

## TOP ACTIONS TAKEN

LED lighting installed

Air source heat pumps installed
